QUIC Measurements
IETF Hackathon

IETF 110, March 2021

Presenting: Jari Arkko

Team: Mauro Cociglio, Giuseppe Fioccola, Fabio Bulgarella, Nilo Massimo, Marcus Ihlar, Mirja Kuehlewind, Robin Marx, Jari Arkko

I E T F

QUIC Measurements

- New measurement algorithm ("delay bit") draft-mdt-ippm-explicit-flow-measurements

- Continued work on an Android tool

  - Surprisingly, QUIC observation easier than TCP

- Spindump maintenance (3 PRs, 5 issues, interop testing) github.com/EricssonResearch/spindump

- Added Qlog as an output format from Spindump (draft-marx, TSVWG)

Qlog tooling, Qvis etc
